2025 PAN CONTINENTAL CURLING CHAMPIONSHIPS

OCTOBER 19-26, 2025

IRON RANGE, MINNESOTA

U. S. Steel

**FROM THE MINES OF MINNESOTA
TO THE HEART OF THE HOUSE,
STRENGTH BEGINS DEEP IN THE EARTH.**

ussteel.com

Curling fans,

Hello and welcome to the 2025 United States Steel Pan Continental Curling Championships hosted by USA Curling, the Curl Mesabi Foundation and World Curling in Eveleth and Virginia, MN!

We are so excited that you're here for this prestigious international event on The Iron Range, a special place with a deep passion for curling and winter sports. You will undoubtedly feel the warmth of this outstanding community because of their love for curling and generous hospitality for local and international visitors.

The local organising committee has worked tirelessly to ensure this week is an unforgettable experience for all of the athletes, coaches, volunteers and fans. Whether this is your first curling experience or you're an experienced fan, we have no doubt they'll make you feel right at home.

On behalf of World Curling, we thank you for your support and for investing your time to experience our wonderful sport.

Have a great week and enjoy the world-class curling action!

All the best,

A handwritten signature in black ink that reads 'Beau Welling'.

Beau Welling
World Curling President

On behalf of everyone at U. S. Steel, I welcome you to the Pan Continental Curling Championships. We are honored to be the presenting sponsor of this exciting event that brings world-class curling right here to the Iron Range.

The sport of curling is one that unites communities throughout this area. In fact, many U. S. Steel employees who work at our Keetac and Minntac mining facilities are avid members of local curling clubs and leagues. Their excitement underscores a time that promises to be historic for the sport and for the region.

To all of our visitors here from around the world, you will experience the hospitality and strength of our communities. The passion and spirit of the Iron Range rests in our people, and they are ready to welcome the world with open arms. When you're not taking in the excitement on the ice, I encourage you to take in the beauty of the area and enjoy the best of Minnesota.

Welcome, once again, and please enjoy the United States Steel 2025 Pan Continental Curling Championships.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Gordon".

John Gordon

U. S. Steel Senior Vice President — Raw Materials & Sustainable Resources

Member, United States
Olympic & Paralympic Committee

Athletes, Officials, Fans, and Friends of Curling,

On behalf of USA Curling, it is my distinct pleasure to welcome you to the United States Steel 2025 Pan Continental Curling Championships, held in the heart of Minnesota's Iron Range. This region, steeped in history and community spirit, provides a fitting backdrop for an event that celebrates the very best of international curling.

We are honored to host teams from across the globe—each bringing their own traditions, talents, and passion for the sport. These championships are more than a competition—they are a gathering of cultures, a showcase of excellence, and a testament to the global growth of curling.

We are truly grateful for the incredible support of the local community. Without the resources provided by Iron Range companies and organizations, this event would not be possible. We also must thank the Curl Mesabi Foundation and the dedicated volunteers who have committed so much time and energy to producing a successful event.

To our colleagues at World Curling—thank you for being a supportive international federation and true partners in this effort. To the competitors—thank you for your dedication and for inspiring the next generation of curlers around the world. And to curling fans—whether you're cheering from the stands or following from afar—thank you for your enthusiasm and love of the game.

As we come together on the ice and in the community, I encourage everyone to embrace the camaraderie, sportsmanship, and athleticism that define curling. May this week be filled with memorable moments, fierce competition, and lasting friendships.

Welcome to the Iron Range. Welcome to the Pan Continental Curling Championships.

Sincerely,

Dean Gemmell
Chief Executive Officer
USA Curling

**Office of Governor Tim Walz &
Lt. Governor Peggy Flanagan**

Dear athletes, coaches, and curling fans,

I am so pleased to welcome you to Minnesota for the United States Steel 2025 Pan Continental Curling Championships! I am especially proud to be Governor today as Minnesota has the honor to be the first state in the U.S. to host the PCCC.

The Iron Range is the perfect place for this event – as the number one state for curling, and home to nearly 40 curling clubs, thousands of passionate winter athletes, and an abundance of ice, we are excited to bring this international event home.

For generations, curling has been a tradition on the Iron Range where, over a century ago, immigrants established the sport as a community pastime. That pastime would evolve, becoming a tradition for many across the state, underscoring its cultural heritage and connecting generations through its deep roots.

As 40 teams from 25 countries come together on the Iron Range, I want to emphasize the importance of this event and the dedication of everyone who made it possible. I extend my deepest gratitude to those at World Curling, USA Curling, and the Department of Iron Range Resources & Rehabilitation for their dedication to the spirit of sport.

Best of luck to all the athletes competing for a spot in the World Curling Championships, and welcome to Minnesota!

Best,

A handwritten signature in black ink, appearing to read "Tim Walz".

Tim Walz
Governor

Dear Athletes, Coaches and Spectators:

On behalf of the State of Minnesota's Department of Iron Range Resources & Rehabilitation (IRRR) and the people of northeastern Minnesota, it is my honor to welcome you to the United States Steel Pan Continental Curling Championships (PCCC) 2025.

The Iron Range has a rich curling tradition, brought here more than a century ago by immigrant families who helped build our mines and towns, and the heritage we share today. Their passion for curling, along with hockey, took root in this region, and curling remains a proud part of our culture and identity.

Minnesota's Iron Range is also one of the most mining-centric regions in the country, producing more than 80% of the iron used in domestic steel making—a resource that has helped build America and continues to sustain our communities today.

IRRR is a state economic development agency funded by Minnesota's mining industry. We proudly reinvest mining tax dollars back into the people and communities of the Iron Range—strengthening our region and supporting events like this.

This championship is made possible through strong partnerships with World Curling, USA Curling, Curl Mesabi, United States Steel, local partners and the commitment of volunteers and residents.

During your stay, I encourage you to explore our communities, visit our shops, restaurants and attractions, and experience the natural beauty that makes this region one of the best in Minnesota.

Thank you for joining us for this historic event. We wish the athletes the very best in competition and extend appreciation to the coaches and spectators whose energy and support make this championship truly special.

Welcome to the Iron Range of Minnesota and good curling!

Sincerely,

Ida Rukavina
Commissioner

Dear Athletes and Coaches,

On behalf of Curl Mesabi and the entire Eveleth and Virginia curling community, it's my pleasure to welcome you to the United States Steel 2025 Pan Continental Curling Championships.

As President of the Curl Mesabi Foundation and National Team Director for USA Curling, I've been fortunate to travel the world competing and coaching at international events. To now welcome the world's best curlers to my hometown is truly an honor.

The Iron Range has a deep-rooted love for curling and a proud history of hosting international events. Our community takes great pride in that legacy—and even greater pride in creating a welcoming, competitive environment for visiting athletes. Our club, volunteers, and neighbors are excited to host you and help you feel at home, both on and off the ice.

I know the dedication it takes to reach this level. Whether this is your first international event or one of many, I hope you take a moment to enjoy the experience, the competition, and the people who make this sport so special.

Good luck, and welcome to Eveleth and Virginia!

Sincerely,

Phill Drobnick
President, Curl Mesabi Foundation

On behalf of the Quad Cities RRCC Board we welcome you to the United States Steel 2025 Pan Continental Curling Championships. We wish to thank the Organizing Committee for selecting the RRCC and the teams who are participating this year. It is an honor and privilege to host such a prestigious event. We are excited to have you visit the Mesabi Iron Range and to witness the skills of professional curlers from around the world.

While enjoying the moderate temperatures and beautiful fall colors you will experience professional services, great hospitality and a wide range of community support. While here, we encourage you to enjoy a variety of activities, events, shopping, quaint home-cooked restaurants and unique Iron Range cuisine.

Welcome to Northeast Minnesota and the Iron Range! Our motto is "Stay as long as you can and come back soon."

Good Curling!

Board members:

Laurence Cuffe, *Mayor of Virginia*

Karl Oberstar, *Mayor of Gilbert*

Peggy Anderson, *Mayor of Mt. Iron*

Joe Koivunen, *City Councilor Eveleth*

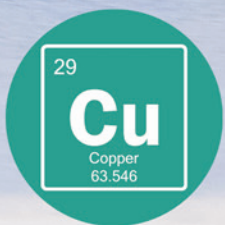

Gordy Dahl, *Curl Mesabi At Large, Citizen Representative*

Sweeping Minnesota's Future in Critical Minerals

Did you know?

A curling rock contains brass, which is made out of copper and zinc.

And NewRange Copper Nickel is home to one of the world's largest undeveloped copper and nickel resources right here in Minnesota.

TOURNAMENT RULES

1. World Curling rules apply, unless otherwise indicated below or explained at the Team Meeting.
2. The Women and Men play a round robin with the Olympic Play-off System (1 v 4 and 2 v 3). The winners of the semi-finals will advance to the Gold Medal games while the losers play the Bronze Medal games.
3. All games will be ten (10) ends, with extra end(s) to break tied games.
4. First named teams in each draw play the stones with the dark-coloured handles, and wear dark coloured upper playing garments. Second named teams in each draw play the stones with the light-coloured handles, and wear light coloured upper playing garments.
5. There will be a nine (9) minute practice for each team before each round robin game. The practice starts 30 minutes before the scheduled game time. The team with the first practice during the round robin will be the team with dark stones except for the games highlighted in the draw.
6. The last stone advantage in the first end of the round robin games will be decided by playing LSD stones as per World Curling rules.
7. The ice for all post-round robin games has been predetermined as shown in the official draw.

The Story of the Iron Range

Northeast Minnesota is rich in natural resources, and has been shaped by the industries and people who have harvested the timber and iron ore.

Minnesota's Iron Range stretches about 175 miles southwest to northeast from Crosby to Ely and is comprised of three individual ore-rich areas, known as "ranges". The Cuyuna in the south, the Mesabi in the middle and the Vermilion in the north.

The quad-cities of Virginia, Eveleth, Mountain Iron and Gilbert are in the heart of the Iron Range – the U. S. Steel Pan Continental Curling Championships are being held in Virginia and Eveleth. Our title sponsor, U. S. Steel has a major mining operation in Mountain Iron.

We've been mining the Mesabi Range for over 125 years, first underground red iron ore – now open pit taconite, a lower grade magnetic iron ore formed into pellets.

Mining has formed our landscape, from the surrounding "hills" that are actually overburden piles left from the mining process, to the abandoned open pits now filled with emerald green waters. Mine land reclamation has turned old mining sites into recreation areas.

Our culture and history have been formed by our immigrant ancestors, who arrived in the late 19th & 20th centuries by the tens of thousands to work the land.

Forty-three different nationality groups populated the Iron Range. Many of us can trace our heritage to Norway, Sweden and Finland. Or European countries like Germany, Italy, Croatia, Serbia, Slovenia, Greece and many others. This diversity can be seen in many of our favorite foods – pasties, potica, sarmas, porketta and strudel, to name just a few.

We call ourselves "Rangers" and are proud of our mining history, ties to the Old World, and rugged natural beauty. Nature and the great outdoors are precious to us – from time spent on the water to time spent on the trails – the Iron Range offers it all. Come back to visit in the warmer months...sorry, no curling ice in August!

The
Curl Mesabi Foundation
was established in 2015 to
promote community health,
wellness and well-being through
the support of a variety of
curling activities in the Quad
Cities area of Eveleth, Gilbert,
Mountain Iron and Virginia.

The Foundation's fundraising sources include private and corporate donations and a variety of different events.

Our Foundation supports Jr. Curling, scholarships and the long-term viability and growth of curling related projects in our area.

You can donate by going to the
Curl Mesabi Curling Club website:

www.curlmesabi.com

or mailing a check to:

PO Box 1000, Gilbert, MN 55741

Thank you

FOR YOUR SUPPORT

Greetings,

Hosting an event like the United States Steel 2025 Pan Continental Curling Championships requires a dedicated and committed team here in the Quad Cities. Months of meetings, planning, organizing, reorganizing, reviewing, and revising are all integral parts of hosting an international event of this stature.

The team of volunteers from ice install to ice out—have ensured we will have a fantastic event here on the Iron Range. We thank all of you who have become part of our Event Team.

Additionally, we want to recognize those whose efforts have guaranteed we will host a successful event.

With gratitude we thank the tireless efforts of our local team:

Ardy Nurmi-Wilberg, Stephanie Dowell, Craig Doughty, the members of Curl Mesabi and the entire team at the Iron Range Motors Event Center.

All the best,

Craig Perry, *Event Co-Director*

Phill Drobnick, *Event Co-Director*

Thank You to these additional sponsors
